

TERMS AND CONDITIONS OF USE

1. Nature of the Site and Open Access

The platform of the Revista Mexicana de Fitopatología (RMF) / Mexican Journal of Phytopathology (MJP) provides free, public access to scientific knowledge on Phytopathology and related fields. All published material is protected under the Creative Commons Attribution-NonCommercial 4.0 International (CC BY-NC 4.0) license. Reading, downloading, copying, and distributing the material for educational or research purposes is permitted, provided that proper credit is given to the original authors and the journal.

2. Editorial Policies and Copyright

The content hosted on this site is strictly governed by the RMF / MJP Policies. Authors retain their copyright and grant the Mexican Society of Phytopathology (SMF) the right of first publication.

3. User Conduct

The user agrees to:

- Not use the platform for commercial purposes without express authorization.
- Not modify or alter the integrity of the system or the scientific publications.
- Comply with the guidelines on Editorial Ethics and academic citation when using the information (see Editorial Policy and Management).

4. Limitation of Liability

The MJP employs a rigorous peer-review process to ensure the quality and relevance of submissions. However, it does not guarantee the absolute accuracy of the data presented by the authors. Nor is it liable for any misuse of published documents by third parties.

5. Personal Data Protection (Privacy Notice)

The RMF / MJP is firmly committed to preserving the confidentiality and security of the personal data collected (names, institutional affiliations, and email addresses):

No Transfer: Personal data will never be sold, shared, or transferred for commercial purposes or for any other purpose unrelated to scientific and academic work.

Exclusive Use of Metadata: The information will be used solely to generate metadata that adds value to scientific publications.

Editorial Purposes: The data will facilitate indexing, national and international visibility, interoperability between databases, and communication strictly necessary during the editorial process.

REVISTA MEXICANA DE FITOPATOLOGÍA

MEXICAN JOURNAL OF PHYTOPATHOLOGY

Fully Bilingual

6. Changes to the Terms

The Society reserves the right to modify these terms at any time. Updates will be posted in this section. Continued use of the platform constitutes acceptance of the new terms.
